### **Public invited to learn more about progress on new health-care complex**

NIAGARA, ON - The Niagara Health System (NHS) is inviting the public to attend an information fair on Wednesday, May 30, 2007, at the Quality Hotel Parkway Convention Centre in St. Catharines for an update on the progress of the new Building Healthcare for Today and Tomorrow – It's Our Time health-care complex.

There has been a tremendous amount of planning for the complex over the last several months. During this time, there has been significant input from health-care providers and members of the public with respect to the services and features the complex should have. These specifications will be provided to the three teams that have been selected to bid on the project for inclusion in their proposals.

The information fair will provide members of the public an opportunity to learn more about timelines for the project, environmental and natural elements of the site and in the complex itself, key building design criteria, services that will be provided, and many other aspects related to the complex.

When completed, the complex will be home to a new community hospital to serve the residents of St. Catharines, Thorold, Niagara-on-the-Lake and immediate area as well as a new regional cancer centre, regional cardiac catheterization centre and longer-term mental health services.

**When:** Wednesday, May 30, 2007  
**Time:** 2 p.m. to 4 p.m.  
**Where:** Quality Hotel Parkway Convention Centre  
327 Ontario Street, St. Catharines

- 30 -
