

Site access for media

Media tours and photo requests on the site are accommodated on an as requested basis, provided that an NHS and PCL Representative are available to provide access to the site. In most cases, media will be accommodated within one business day.

All participants must wear clothing appropriate to construction site conditions, including approved safety footwear and hard hats. Prior to the site tour commencing, participants must take part in a PCL safety briefing.

If you are a member of the media and would like to request access, please contact Liisa Morley to gain approval for entry to the site. [NHS Contact page](#)
